Visit to Renewable Energy Centre-Mithradham, Chunangamveli, Aluva

Date: 2.3.2016

Report: Report.

As an initiative of Walk with a Scholar Programme, the students along with their mentors visited Mithradam at Chunangamveli and the Startup village, Kinfra Hitech Park, Kalamassery on 2nd March 2016. It was an Industrial visit to MITHRADHAM, the first solar energy study centre in India. The introductory session included Briefing about the place and explaining about the activities conducted at Mithradham. In the talk on “Solar Energy and Green Perceptions for future” the students learned about the research and other work done in solar energy.

Visit to start up village

Report: The WWS team visited start up village on 2.3.2016. At 2pm the students were given a talk on **Entrepreneurship Development in today's youth**. At Startup Village, the talks given by resource persons (Mr. Dinu and Ms. Dhanya) gave our students the message that *everyone* can learn to become an entrepreneur. And the best time to pick up these skills and build great startups is when one is young, even while one is in school or college.

Visit to Indira Gandhi National Open University
