FOURTH CYCLE NAAC ACCREDITATION 2021

CRITERION 7

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1.5. Green campus initiatives.

Policy Documents

Submitted to
THE NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL

ENVIRONMENTAL POLICY OF THE COLLEGE
2016-2020

St. Paul's College Kalamassery protects its own environment with its green campus initiatives and maintains a pollution free campus. Environment protection and adopting environment friendly measures are part of every educational policy implemented on the campus. The institution is spread across 15.72 acres and this itself contributes to the green initiatives of the institution. Utilizing its vast campus, different varieties of vegetables, fruits and paddy are cultivated according to seasonal and climatic conditions. The students are encouraged to have hands-on-experience of cultivation in their free time. Each department is allocated space for this activity. The vegetable saplings, technical advice etc. are procured from Vegetable and Fruit Promotion Council and Agriculture office. The college employs a full-time gardener to help the students. The college observes World Environment Day and World Nature Conservation Day every year by planting trees and vegetables with the co-ordination of green initiatives club, Nature Club, NSS and all other departments. St. Paul's College has taken the initiative by planting 2500 treesaplings of 130 varieties. In this regard the institution has formulated a policy documentwith the following objectives for guiding the green initiatives.

Objectives of the Policy

1. To create awareness regarding environmental policy among students and the staff.
2. To maintain pollution free campus
3. To sensitize the students and staff regarding the use of drinking water properly for which, we have provided purified drinking water facilities on the campus.
4. Promote carry bags made of cloth, jute and other recyclable materials.
5. To promote usage of food and other degradable waste as manure for plants and trees.
6. Promote restricted entry of two wheelers and four wheelers inside the campus.
7. Encourage car-sharing and two-wheeler sharing among students and teachers.
8. Reduce the usage of paper for academic work through promoting online submission.
9. Ban the use of all kinds of plastic materials within and on the premises of the campus.
10. Say goodbye to plastic banners, flex boards, writing material which are harmful for the environment.
