## CIRCULAR

As part of our best practice 'Nurturing Nature-Culturing Life' students, staff and alumina of the college are encouraged to plant more trees inside and premises of the college. Further orders are issued to keep this campus a plastic free zone. I expect your cooperation in this great initiative. The previous order issued (dated 1-06-2015) regarding restriction on entry of vehicles into the main campus will continue to be effective in the current academic year also.
