

SPC/Circular/Landscaping/2019-20/4

Date: 11- 06-2019

CIRCULAR

As part of our best practice 'Nurturing Nature-Culturing Life' students, staff and alumina of the college are encouraged to plant more trees inside and premises of the college. Further orders are issued to keep this campus a plastic free zone. I expect your cooperation in this great initiative. The previous order issued (dated 1-06-2015) regarding restriction on entry of vehicles into the main campus will continue to be effective in the current academic year also. The Miyawaki Forest initiated in collaboration with UST Global (CSR initiative) in the campus will be protected and nurtured by students and staff of this institution.
