INTERNATIONAL YOGA DAY 2021

Online Yoga Quiz

No of participants:137

Report:

According to the UN website, the theme for International Yoga Day 2021 is 'Yoga for well-being', i.e. how the practice of Yoga can promote the holistic health of every individual. With the COVID-19 pandemic exacerbating psychological suffering and mental health problems, many people have been embracing Yoga to stay healthy and to fight isolation and depression. As part of 7th international yoga day celebration, Yoga Club, Department of Physical Education, NSS and NCC units of St. Pauls College, Kalamassery jointly organised an online quiz competition. Students and faculty members from different colleges participated. Out of the 137 entries, 30 scored full marks. The winners were selected by draw of lots. Afiya Rafeeqe IInd year B.Sc. Mathematics, Linsha Francis IInd year B. Sc. Chemistry and Rohit Gireesh IInd year BBA were announced as winners.

Outcome:

Yoga Day is celebrated across the globe to highlight the importance of Yoga and how it has been beneficial in keeping the body and mind in sound health. Considered as a holistic approach and targeting the different systems of the body and the mind, Yoga renews the mind with confidence. It calms the mind and improves concentration and patience. Practicing asanas and pranayama regulates the purification of the internal system of the organs. The energy generated in the body through these physical exercises is then channelled into meditation for peace, stability and calm. The quiz competition helped the participants get a better understanding about the history and importance of yoga as well as on different asanas.
